The Bruneau Group is different. We have a single focus: delivering the best settlement administration services in Canada.

The Bruneau Group will efficiently manage and resolve all of your claim needs. Working with us means no problems or hassles. And most importantly, no distractions from your focus, which is to move on to your next case with full confidence that the Bruneau Group is handling every detail of the administration expertly and efficiently.

expertise

The Bruneau Group is led by professionals. We speak your language and we understand your needs.

We're experts in claims administration fundamentals, including:

- Litigation
- Financial management and distribution
- Complex claims management
- Information technology
- Dispute resolution

We're capable of handling any size or type of settlement.

We give bilingual, client-focused service, with no bureaucracy and no wasted effort.

Ultimately, we administer your settlement with consummate professionalism and integrity.

innovation

We use emerging best practices to empower claimants, cut costs and speed processes.

Here's just one example. Our claims management system was tailored to allow thousands of claimants to conveniently file claims online and receive instant notification of their claim status and payment. It was the first-ever Canadian, "A to Z" class action e-claim system. Claimants endorsed online filing as an easy means for accessing justice.

For you, our system offers secure, faster and more accurate distribution of settlement funds. It's one more way that the Bruneau Group is different from its competitors.

The Bruneau Group: Settlement administration that will make your class action practice more successful.
